Removal—Deiterich's Flower and Seed Store has been moved to their new quarters in Oddfellow's Building, four doors above old stand in Market street.

Under an opinion just given by Attorney General Hays, saloons will be required to pay the state tax upon billiard tables, which has been in dispute since 1902.

Miss Edith Terry, a prominent young Louisville woman, and Dr. Julius M. Purnell of the United States Army will wed August 4th. Dr. Purnell is a native of Paris.

The military was out last night doing company drill. Captain Dodson is gradually bringing the boys up to a higher standard. They have much to learn, however.

About one hundred delegates are expected next week at the meeting of the Bracken Baptist Association, which convenes Wednesday at the First Baptist Church.

This has been the coldest July on record. The average will be less than 71° for the month. The highest record for the month for 24 consecutive hours was 94° on July 17th-18th.

The body of Frederick Kent Loomis will arrive in New York on the steamer St. Paul August 3d and at Parkersburg, W. Va., where it will be buried, Thursday noon, August 4th.

In the near future Messrs. Deiterich will add a greenhouse to their present location, 219 Market street. The structure will be about 14x50 feet and will be modern in every particular.

Bids for the construction of the Government Building in this city will be opened Monday in the office of the Supervising Architect for the Treasury Department at Washington. The appropriation for the building is \$50,000.

In another column of THE LEDGER will be found the card of Wells & Coughlin, the Market street liverymen. They have the gentlest of horses and the latest and most improved turnouts. If you want a swell rig give these gentlemen a call.

A doubt has been expressed in regard to the Limestone Bridge being strong enough to safely carry the big roller across. Those who ought to know say the bridge is amply strong for the purpose and that there is no danger whatever in taking it across.

Dr. Markham and Mr. George Wood went to Georgetown, O., yesterday morning and brought Miss Sally Lamb home in a barouche. She stood the trip remarkably well and experienced no discomfort. Since coming home her condition seems improved.

The game of baseball yesterday afternoon at East End Park between a picked nine of this city and the Washington Club resulted in a victory for the latter by a score of 13 to 10.

DREAD DISEASE

Diphtheria Now Prevalent in the Murphysville Neighborhood

Our neighboring town of Murphysville is wrestling with malignant diphtheria. One family has had one death and four more members have it.

In order to check the spread of the disease \$12 worth of diphtheric anti-toxin was purchased yesterday by order of the County Judge and sent out to the afflicted people.

There is nothing like taking hold of a matter like this in time.

OTHER OX GORED!

Louisville Veterans Now Have No Use For the Darkies!

The Grand Army in Kentucky has been dominated for years by John W. Hammond and John Blaes of Louisville, and this power and control has been attained by and through the Negro vote of the Order.

This power has often been used to their own advancement and others of their choosing.

Many a good man from Northeastern Kentucky, who had the temerity to aspire for office in State Encampments, has gone down in defeat before the solid phalanx of this same Negro vote.

It was all right then, because the Louisville crowd carried the Negro delegation in their pockets and used them to their own purposes. It seems as this power has gone from them, and they now see through different glasses.

General Order No. 2 from the headquarters of Commander Bausmith of Bellevue, which commands they shall attend the National Encampment in Boston under the leadership of Junior Vice-Commander H. C. Pearce, a Negro, and what is worse a hostler, is something more than they propose to stand.

They have organized what they call a "Lily White" Post, and are sending out circulars to all Posts in the state inviting them to join in a general rebellion against the order.

Joe Heiser Post No. 13 of this city, as well as all other Posts in this part of Kentucky, have always been of a white order and do not need to join another.

It makes all the difference in the world whose ox is gored. At least, Messrs. Hammond and Blaes think so; don't you, gentlemen?

The Postoffice at Hitt, Robertson county, has been discontinued.

The next annual meeting of the Grand Lodge of Kentucky Colored Knights of Pythias will be held at Ashland in July, 1905.

The union service tomorrow evening will be held at the First Baptist Church, the Rev. Dr. John Barbour of the First Presbyterian Church delivering the discourse.

Colonel and Mrs. George Hoop today celebrate their Golden Wedding anniversary at their home at Greenup. Four generations will be represented at the anniversary.

Rev. W. R. Donaldson of North Middletown will preach at the Christian Church tomorrow morning, during the absence of the Rev. R. E. Moss at Penn Grove Campmeeting.

Governor Beckham, in behalf of the Kentucky state officials, has accepted the invitation of the Mayor of Monroe, Mich., to be present September 1st at the unveiling of the monument to the soldiers who fell at the battle of the River Raisin.

Mrs. J. D. Muse and daughters, who are spending the summer at Princeville, Ill., with relatives, will next week join Mr. Muse at St. Louis to spend a few days viewing the Exposition.

Judge Shaw of the Kenton Circuit Court granted a temporary injunction against the operation of the Covington poolrooms, but suspended judgment for fifteen days pending the appeal to the Court of Appeals by the owners of the rooms.

The Auditor of the War Department has rendered a decision giving additional pay to three Kentucky Regiments mustered in for the Spanish-American War. The First Regiment is to receive \$1,749.29, Second Regiment \$570.36, Third Regiment \$778.49.

In a communication to Superintendent of Public Instruction Fuqua, State Auditor Hager declines to place any part of the income from the Insurance Department to the credit of the School Fund until first directed to do so by the Courts. He declares that such an action would derange the present tax rate, which would have to be reapportioned by the Legislature.

"There Isn't One Really Good Printer in Five Hundred."

Printers' Ink—the leading journal on publicity of all kinds—has the following to say: "There are thousands of printers in this country, good, indifferent, and a lot of bad ones. There isn't one really good printer in five hundred. Intelligent advertisers are willing to pay for good printing, no matter where it comes from."

Printers' Ink knows what it is talking about. Poor printing is a bad investment—it's worse than a blank. A business man's stationery or booklet is like a traveling man—if it's neat, well-dressed and to the point, the first impression is good and your chances of doing business on the strength of it are good.

We realize this. We keep abreast of the times. We know what good printing is and produce it. We are pretty careful not to let a bum job get onto our presses. No press in the country can better our printing and we want you to know it.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.

W. J. BRYAN's plan for the reformation of Democracy includes the whole Populistic program. He declares for state ownership of railroads, Government control of telegraphs, abolishment of the private monopoly, favors the income tax and the election of Federal Judges by the people. Regarding public ownership of railways BRYAN thinks the several states should purchase them instead of the Federal Government, thus preventing a centralization of power. He says the telegraph should be added to the Postoffice system. These are a few of the Nebraska man's visionary schemes; but they are enough to bankrupt any Government on earth.

Louisville Herald.
More than two months after the publication in McClure's Magazine of Samuel Hopkins Adams's impartial article, "The State of Kentucky vs. Caleb Powers," the Hon. W. B. Haldeman of Louisville put himself on record concerning McClure's, which he truly said (May 30th, 1904) "ranks deservedly high in this state." It never ranked so high as it now does in Kentucky and in the country.

ECONOMICAL PARIS GREEN.

Our kind of Paris Green would be economical at double the ordinary price because it is about double the ordinary strength and kills every tobacco worm that touches it. However,

It Costs the Same

as any old common kind. We pay enough to get the best Paris Green, and have handled this same brand for years, so that we know just what it does. There isn't as much profit for the druggist in our kind as there is in the ordinary grade, but there's a lot more profit in it for the tobacco grower. Better use our Paris Green this year

MOST MISERABLE OF MEN
Inmates of a Portuguese Prison
Clothed In Shroud and Mask
Entombed in a grim castle on the outskirts of Lisbon are some of the most miserable men on earth. These are the inmates of Portugal's prison of silence. In this building everything that human ingenuity can suggest to render the lives of its prisoners a horrible, maddening torture is done. The corridors, piled tier on tier five stories high, extend from a common center like the spokes of a huge wheel.
The cells are narrow—tomblike—and within each stands a coffin. The attendants creep about in felt slippers. No one is allowed to utter a word. The silence is that of the grave. Once a day the cell doors are unlocked and the half a thousand wretches marched out, clothed in shrouds and with faces covered by masks, for it is a part of this hideous punishment that none may look upon the countenances of his fellow prisoners. Few of them endure this torture for more than ten years.

From the annual report of the Minister of Mines of British Columbia for 1903, just issued, it appears that the total production of the mines of the province shows a very slight increase over the year previous, being of the value of \$17,495,954, compared with \$17,486,550 in 1902. Excepting copper and coke, which show an increase, there is a falling off in all other products.

One of the novel inventions which hail from Germany is artificial teeth made from paper. Many of the dentists are using them, and find them to be entirely satisfactory. They have several advantages over the ordinary ones made of porcelain or mineral composition, and they are cheap, do not chip or break, are not sensitive to heat or cold, nor has the moisture of the mouth any effect upon them.

GRADUAL DECLINE
This is the fate of sufferers from Kidney trouble, as the disease is so insidious that often people have serious Kidney trouble without knowing the real cause of their illness, as diseased kidneys allow the impurities to stay in the system and attack the other organs. This accounts for the many different symptoms of Kidney Disease.
You begin to feel better at once when taking
FOLEY'S KIDNEY CURE
as it stimulates the heart, increases the circulation and invigorates the whole system. It strengthens the urinary organs and gives you new life and vigor.

Chicago Business Man Cured
Foley & Co., Chicago, Gentlemen:—About a year ago my health began to fail, I lost flesh and never felt well. The doctor thought I had stomach and liver trouble, but I became convinced that my kidneys were the cause of my ill health and commenced taking FOLEY'S KIDNEY CURE. It increased my appetite and made me feel stronger, and the annoying symptoms disappeared. I am now sound and well.—J. K. Horn, 1354 Diversey Blvd., Chicago. June 11, 1902.
Cured His Wife
E. C. Watkins, sexton of the Methodist Church, Springfield, Pa., writes: "My wife has been very bad with kidney trouble and tried several doctors without benefit. After taking one bottle of FOLEY'S KIDNEY CURE was much better, and was completely cured after taking four bottles."
One Bottle Cured Him
A. H. Davis, Mt. Sterling, Ia., writes: "I was troubled with kidney complaint for about two years, but a one-dollar bottle of FOLEY'S KIDNEY CURE effected a permanent cure."

Mrs. M. C. Chisholm of 343 East Second says:

Care of the Teeth

Usually the cause of poor teeth can be traced to insufficient attention to the removal of food particles from between them. These particles ferment and become a medium for bacteria, which form lactic acid, which attacks the enamel and causes decay. The only remedy for this is to keep the teeth clean, and for this there are no preparations so effective as our

**SOCIAL
EVENTS**

Mrs. Howard Gayle of Covington gave a charming luncheon on Thursday, in honor of Miss Olive Fast of Flemingsburg and Miss Louise Hord. Miss Fant returned to her home in Flemingsburg yesterday.

A large crowd was delightfully entertained at the Second M. E. Church, South, last evening by an entertainment given by the Junior Epworth League.

The opening address was nicely delivered by Miss Edna Dawson. The Senior Epworth League was represented by Miss Knolene Stickle. A beautiful recitation, "The Kingdom of Heaven," was spoken by Miss Mabel Tolle; but the most interesting feature of the evening was the recitation, "Nobody's Child," recited by little Miss Fannie Snapp. Many were the smiles as she appeared dressed in rags and barefooted, and many hands clapped as she disappeared.
Delightful music was rendered by Mrs. Roseberry. Beautiful songs were sung by all the little white robed girls.

Miss Hattie L. Wood was the hostess at a very charming affair at her hospitable country home last evening, entertaining in honor of her niece, Miss Anna Stillwell of Oklahoma City. Her guests spent the evening delightfully with all the modern parlor games, and dainty refreshments were served.

Miss Frances Ray, the bright little daughter of Mr. and Mrs. Henry W. Ray, delightfully entertained about thirty of her young friends Wednesday evening at her home in West Fourth street. One of the particularly pleasing pastimes was the Gypsy fortune teller. Refreshments were served and the little folks had a most enjoyable time.
